ABOUT MYSELF

Software Engineer with a passion for crafting exceptional mobile applications using React Native. Leveraging expertise in cross-platform development for iOS and Android, along with a strong command of modern tools like Node.js, Redux, MongoDB, and Express, I specialize in creating seamless user experiences and scalable solutions. Dedicated to delivering high-quality software that bridges innovation and functionality.

WORK EXPERIENCE

U Group of Companies – Islamabad, Pakistan

City: Islamabad | Country: Pakistan

React Native Developer

[01/01/2025 – Current]

Developed and maintained scalable mobile apps using React Native for various domains including travel booking, e-learning, and productivity.

Used functional components with React Hooks to manage component state and side effects.

Ensured pixel-perfect UI implementation and smooth performance across Android and iOS devices.

Implemented global state management using Redux Toolkit and RTK Query for optimized data fetching and caching.

Integrated secure and efficient API handling across apps such as e-learning platforms and user dashboards.

Handled complex form validation, user auth flows, and session management.

Xenova Soft – Islamabad, Pakistan

City: Islamabad | Country: Pakistan

Mobile Application Developer

[05/02/2024 – 01/12/2024]

Developed cross-platform mobile applications using React Native with a focus on performance and responsive design.

Managed global state efficiently using Redux and RTK Query for seamless API integration and data fetching.

Collaborated with backend teams to integrate RESTful APIs and ensure smooth front-end/backend communication.

Built reusable components and followed best practices to maintain clean, scalable, and maintainable codebases.

Mobile Application Developer – Chisinau, Moldova

City: Chisinau | Country: Moldova

React Native Developer

[01/11/2023 – 01/03/2024]

 Passionate Junior React Native Developer | Funway Interactive 

 Excited to share that I've been part of the dynamic team at Funway Interactive for the past 5 months, contributing as a Junior React Native Developer. 

📄 About Me:

- 📄 Aspiring developer with a knack for React Native development.
- 📄 Constantly seeking opportunities to learn and grow in the tech industry.
- 📄 Eager to collaborate with innovative minds and contribute to cutting-edge projects.
- 📄 Experience:

- 📄 Contributed to the development of mobile applications using React Native.
- 🔧 Gained hands-on experience with state management, UI design, and integrating APIs.
- 📄 Worked closely with senior developers to troubleshoot and debug code, ensuring smooth functionality.
- 📄 Why Funway Interactive?
- 📄 Thriving in a remote work environment, connecting with a diverse team across borders.
- 📄 Engaging in challenging projects that foster creativity and innovation.
- 📄 Cultivating a supportive and collaborative work culture where every voice is valued.

EDUCATION AND TRAINING

Software Engineering

Abasyn University [01/01/2020 – 02/01/2024]

City: Islamabad | Website: <https://www.abasynisb.edu.pk/> | Level in EQF: EQF level 4

LANGUAGE SKILLS

Mother tongue(s): Urdu

Other language(s):

English

LISTENING B2 READING C1 WRITING C1

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user

SKILLS

React Query, Redux, Redux Toolkit, Formik and many other libraries) / react native / mobile app / ios android

PROJECTS

[05/09/2023 – 05/08/2024]

Expedition Management System

Expedition Management System

A mobile app designed to manage and track expeditions, available on both iOS and Android platforms. It helps coordinate team logistics, track routes using GPS, monitor real-time progress, and keep teams connected in remote areas. Perfect for outdoor adventures, research expeditions, and field operations.

[10/12/2024 – 02/02/2025]

Urban Ad Check

Urban Ad Check

A mobile app designed to manage and view advertisements, available on both iOS and Android platforms. The app allows users to easily browse, verify, and interact with ads in urban areas, offering a seamless experience for both consumers and advertisers. It provides a convenient way to track ad performance and ensure accuracy in real-time.

[03/04/2025 – Current]

Doctor App

Doctor App

A comprehensive mobile app designed for seamless interaction between patients, doctors, and administrators.

Available on both iOS and Android platforms, the app supports three key user flows:

Patient Flow: Allows patients to book appointments, view medical records, communicate with doctors, and manage prescriptions.

Doctor Flow: Enables doctors to schedule consultations, access patient history, prescribe treatments, and update medical records.

Admin Flow: Provides admins with tools to manage user accounts, oversee appointment schedules, and ensure smooth app functionality.

This app offers an all-in-one solution for healthcare management, designed to enhance the efficiency of medical services
